**Re: Plan Approval No. 39-00055B  
Five-Day Construction Completion Notification and Commencement of  
Operation  
B. Braun Medical Inc. Facility in Allentown, Pennsylvania**

Dear Mr. Patel:

B. Braun Medical Inc. (B. Braun) was issued Plan Approval No. 39-00055B on January 30, 2020. Plan Approval No. 39-00055B authorized installation and operation of a new control device at the Facility. The physical changes permitted under Plan Approval No. 39-00055B are projected to be completed on July 8, 2020. At that time, the Catalytic Oxidizer with Peak Shaver (Source ID C004) will commence initial operation to allow for shakedown. B. Braun is submitting this construction completion notice at least five days prior to the July 8, 2020 completion date in accordance with Section B, Condition No. 003(a) of Plan Approval No. 39-00055B. B. Braun will submit an emission test protocol and timely notice of emission testing in accordance with the terms of the Plan Approval.

If you have any questions concerning this notification, please contact me at (610) 596-2474 or [eric.geder@bbraunusa.com](mailto:eric.geder@bbraunusa.com).

Sincerely,  
**B. Braun Medical Inc.**

Eric Geder, CSP  
EH&S Manager
